

**late and important from Buenos Ayres--
The Siege of Monte Video--A Battle in
Uruguay.**

The barque Mexican, arrived at New York, brings Buenos Ayres dates to Dec. 23d. Monte Video still held out against the besieging forces. According to the Buenos Ayres papers, two smart skirmishes had recently taken place outside the city, in which the loss of the besieged was 'very considerable.' From the Uruguay we learn that a Riverista detachment of 400 men, commanded by one Santander, which had attacked the town of Salto, had been surprised and cut to pieces by Col Piriz. The Riveristas lost upwards of 100 men killed, and 60 odd prisoners. The U. S. ship of the line Columbus, and frigate Columbia, were at Buenos Ayres, Dec. 23d, all well. Captain Maxwell, of the brig Two Sisters, of New Bedford, and Capt Barney, of the brig Sea Bird, of Newport, had arrived at Buenos Ayres from the coast of Patagonia--the former vessel having been totally lost, and the latter disabled. The U. S. sch. Enterprise was about to leave Buenos Ayres for Patagonia, in order to bring back the crews of the two vessels.

The Loco-focoism of the Age.

The Augusta Age, true to the spoils principle, undertakes to argue to the Whigs of Maine that in case they prove successful the whole result will be that certain men, some of whom it names, will obtain office. In this way it undertakes to play upon the prejudices of men, and thus get them to forego any effort to elect a whig administration, in order to prevent the whigs mentioned from obtaining office. This preaching of the Age is very much, in its effect, upon the intelligent whigs of Maine, like some chivalrous Southern gentleman threatening to "preach a resurrection to the laborers of the North." The whigs, in their political aspirations, look higher and far beyond the spoils of victory to be secured by an office for themselves. The whig creed leads them to seek for the good of the country and the prosperity of the whole people as an end to be gained, and justly considers office as the means by which this end is to be attained. Instead, therefore, of the selfish appeal of the Age affecting the whigs, it serves only to develop and explain the political theory of its conductors, and in this view only what it says upon the subject is of any importance, or worthy the slightest notice. The Age inquires of the whigs for what they are fighting, and then proceeds to answer that this, that and the other man may obtain an office. This we take to be a very good confession of the Age as to its own position and that of its party. Seeking for the spoils has long since proved to be the object of the leaders of locofocoism, and the Age but admits the truth of what common observation has suggested. The whigs put forth their efforts for no such thing. They seek for the rights of the people, for the enactment and observance of just laws, for a wise, fostering and protective policy to all the interests of the whole people of the country, for the encouragement of industry, for an economical government, and for the complete and entire overthrow of that destructive and corrupt policy, that spoils are the appropriate reward of the victors. And is it not time that politicians abandoned the narrow and selfish view of sharing spoils, and acknowledged their obligation to devote themselves to the interests of the people? Is it not time that the people thoroughly repudiated and condemned the ruinous policy so long acted upon, and now renewedly, though indirectly, acknowledged by the Age, and sustained by its leaders?

Our friend and fellow citizen, J. P. Hardy, is now at Bath, engaged on the portraits of persons there. The last Telegraph contains a well written article upon the merits of his painting, and his unbounded success in several portraits of distinguished citizens of that town. Mr Hardy possesses great genius, and we rejoice at every advance he makes in becoming more generally known. His quiet, modest deportment and his steady application to the pursuit of his art have too long kept him out of sight, when he in fact deserves to occupy a high place in his profession, and to reap a world-wide fame.

The one idea of the Gazette seems to have doubled of late as that paper has hatched the additional idea in its columns of free trade, and no protection to American industry. Well, there is something tangible and practical in this question, and it comes home to every man's business and interests. But if the 'Liberty party' expect to gain strength by joining with the loco focus in attacking the tariff they will be likely to fare much as Tyler has in his attempts to court them. They had better stick to the old question, if it is a dark one.

Mr Robert Hard, of this city, informs us that awhile since he caught in Moose Pond, in the town of Harmony, in this State, a Pickerel that weighed ten pounds after it was dressed--The whole weight, he says, could not have been less than twelve pounds! Friend Burritt, where is Worcester county about this time?

City Affairs.
In Board of Aldermen, Feb. 26, 1844.
Resolve authorizing a temporary loan, Read and passed.
Report of committee on accounts and claims on several bills--accepted.
Communication of I. Montgomery relative to an insane person--laid upon the table.
Petition of Thomas A. Taylor for allowance--referred to the committee on accounts and claims.
Remonstrance of Jason Weeks et als. against the erection of buildings over tide waters in the Kenduskeag Stream--Referred to Alderman Roberts and Messrs Asa Walker and John True.
Petition of John Sargent, Jr., et al. for leave to erect a building from the West side of the Market House to Strickland's Block--Referred to the committee on Remonstrance of Jason Weeks.
Ordinance fixing the salary of Mayor taken up and indefinitely postponed and sent down for concurrence.
Ordered, That a joint special committee proceed to the Alma House and examine the dwelling house of the Superintendent and report at the next meeting of the council upon the expediency of repairing or rebuilding said house--Referred to the next city council.
A communication was received from H. G. Thaxter and another from Simeon Treadwell stating that they were not aware of the power and authority of the Engineers of the Fire Department, and supposed it was, at their option to obey or not any order given them at a fire--They find that the Engineers on the night of the fire at Mr Jewell's Barn, were in the discharge of their duty and regret that they neglected to obey their orders. They feel willing at all times to conform to the law and to give their influence to its support, and take pleasure in making this statement public, and in correcting the influence of their example of disobedience on the occasion alluded to and wish this statement published as extensively as the order of the Mayor and Aldermen to have them prosecuted.
These statements were severally approved by the Engineers and the directions to the city Solicitor were withdrawn.
Adjourned to meet March, 7th, at 7 o'clock P. M.
PARLEY'S CABINET LIBRARY, Vol. VI, Part I.

Messrs Smith & Fenno have received the first part of the sixth volume of the Cabinet Library, it being the commencement of the volume on the Lives of Celebrated Women. There is an advantage in this Library that a person may purchase a volume in the Biographical, Historical, or Miscellaneous department and have an entire and valuable volume of pleasant reading. The numbers thus far published are highly interesting, and happily designed to create and to supply a taste for good reading.

"Fourierism."
To the Editor of the Whig & Courier :
I noticed a communication in your paper of the 24th instant, under the signature of P, wherein he seems disposed to enlighten your readers on the subject of Fourierism. After going on to give a condensed statement of the life of Fourier, and his plan of Associations he says, 'Indeed, if the plan were fully carried out, and the entire world were organized associations, to what place should the idle and unruly be expelled.' It appears to me that before P undertook to enlighten your readers upon this subject he should, at the least, have endeavored to enlighten himself. I would, therefore, recommend to him a work entitled "A concise exposition of the practical part of Fourier's social science, by A. Brisbane," where he can find the necessary information. He then quotes from a private letter written by a Mr. Elwell, an English gentleman, at Antwerp, to his friend in this country, and published, as he states. If your correspondent had turned to page 240 of the same Magazine he would have found that the editor says that, "some of our readers are dissatisfied with the critical remarks of Mr. Elwell. We shall take the earliest opportunity to have it set right, if injustice has been done him." Mr. E. says in the same letter, "Fourier, however, ought to be read by all the learned, because he is at the head of all men of this class."

If Mr. Elwell finds such sentiments why does he recommend his works to be so generally read?
As to his laxity about marriage, &c., I will quote the work above referred to, by Mr. Brisbane, who, for a long time was his pupil, he says, "Association will maintain the Family and Marriage Ties; for they exist in the moral nature of men, and any system that would destroy them, betrays an utter ignorance of his nature and true social principles. Those ties are now often outraged and broken by jarring discords, and quarrelsome ignorance, monotony, tyranny, drunkenness and other vices inherent in the present system of society; but Association will correct these evils and give to the family union a purity, elevation and harmony, which it now rarely possesses." So much for the laxity of marriage. As to Fourier's doctrine of transmigration of souls, &c., I will not attempt to enlighten your readers, as I have never seen any statement of them except in the letter of Mr. Elwell, if Fourier has ever taught any such doctrine it has no connection with Association.

As Fourier is brought before the public, by the letter of Mr. Elwell as a "French sceptic," I will let Hugh Doherty, Esq. Editor of the London Phalanx, speak, he says; "Fourier, personally, had a European character, more like the English and the German in his cool but dignified urbanity, than the excessively susceptible and versatile civility of the Frenchmen. He had, in part, a universal character, both grave and dignified, religious and poetic, friendly and

polite, and sincere, which never allowed truth to be profaned by libertine frivolity, nor confounded with austere duplicity. He was a man of dignified simplicity; a child of Heaven, loving God with all his heart and soul, and all his mind, and also loving as himself his neighbors, and the whole human family. We speak from living facts; we knew him personally. He had one failing; he was morbidly impatient with hypocrisy, and selfish sophistry, and vain pretensions. Was it a fault? He wrote for all the world. He spoke of God and Christ, of Universal Unity, not of Frenchmen or himself. He condemned profane philosophy and theoretic sophistry, and taught the mind to study Revelation in the Word of God. He opened Revelation to the eye of faith, which proves that human souls descend from Heaven upon the earth, and are immortal; that all should pray in word and deed as we are taught in Revelation, "Thy kingdom come, thy will be done in earth as it is done in Heaven." I could quote further, but let the above suffice.

Associations are springing up in Massachusetts, New York, Pennsylvania, Ohio, Michigan and Indiana, upon the plan of Fourier, and among its most active friends are Rev. gentlemen of various denominations. L.

The Fourierites of Northampton, Mass.
The correspondent of the Salem Locomotive writing from Northampton, alludes as follows to the community of Fourierites established at that place--
"About two miles out of town is a community of Socialists, or a community founded on the plan of Fourier. They own a place of about 200 acres, which they cultivate, and also carry on the silk business. The company is divided into shares of \$100 each; any one can join by purchasing a share, and subscribing to their rules. Each one is required to labor four hours per day for the benefit of the concern. They recognize no laws but their own, all religion and ministers are denounced as heretical, and the marriage ceremony is performed without the aid of a minister, witness, or any other accompanying incident to this ceremony in other communities."

One of the apostles of this sect called on us a few weeks ago, representing the association as in the highest degree favorable to religion and especially as having great regard for the marriage tie. But the fruits of the system are as might be expected, evil and only evil; the theory is captivating to visionary minds, but licentious and disorganizing in its practical workings.--N. Y. Observer.

We publish the above at the special request of a friend and shall hold ourselves in readiness to insert a reply.--Ed.

Legislature of Maine.

Augusta, Saturday, Feb. 24.
In Senate. Passed to be enacted--Bill annexing part of the town of Hallowell to Pittston--establishing the line between Detroit in the county of Somerset, and the town of Plymouth--to establish the Bath and Portland Rail Road Company.

Mr Cunningham, from the Committee of State Lands, to which was referred the communication of J. M. Porter, Secretary of War, reported its reference to the Committee on the Judiciary.

Mr Tallman, from the committee, read preamble and resolve, offered by him in committee, adopted, and as directed by the committee, presented to the Senate, to the effect, that, as the subject of the State Valuation would protract the session of the Legislature, the committee ask to be discharged from its further consideration.

Laid on the table.
Petition of Charles H. Coffin of Newburyport, that certain notes for lands, may be given up to him, was referred to the next Legislature.

In House. The order offered on Tuesday by Mr Bradbury of Kennebunkport, discharging the Valuation Committee, and referring the subject to the next Legislature, was called up.

A long debate ensued. The order was amended to instruct the committee to proceed with the valuation and report, and then passed.

Resolve additional, concerning the early Records of the Province of Maine, was read once and Monday assigned.

Finally passed--Resolve in relation to certain lands belonging to the State.

Passed to be enacted--Bill additional to incorporate the Upper Stillwater Corporation--bill to establish the line between the towns of Plymouth and Detroit--bill altering the time of holding the sessions of the Supreme Court in Lincoln County--bill to establish the Portland and Bath Rail Road (after some opposition by Mr Elliot of Frankfort)--bill additional relative to appeal from decisions of County Commissioners--bill repealing an act to incorporate the Waterville Iron Manufacturing Company--bill to annex a part of Hallowell to Pittston--bill for the preservation of fish in George's River and its tributaries.

John B. Trafton was chosen Assistant Clerk. Adjourned.

Augusta, Monday, February 26.

In Senate.

Passed to be enacted--To repeal an act incorporating Waterville Iron Manufacturing Co; do to incorporate the Upper Stillwater Bridge Corporation.

Finally passed--Resolve in favor of certain lands belonging to the State--resolve additional authorizing the appointment of commissioners to locate grants, and determine the extent of possessory claims under the late treaty with Great Britain.

Resolve in favor of the heirs of Moses Greenleaf was taken up.

Mr Otis moved its indefinite postponement, and spoke in favor of the motion. He said if the resolve passed he should be induced to ask that St. George be exempted from its provisions.

Mr Garcelon made some remarks in favor of the motion, and it was adopted, yeas 16, nays 6.

Bill incorporating Penobscot Winter Navigation Company was referred to the next Legislature.

In House, Resolve authorizing the reception of the distribution money accompanied by a protest against the distribution policy) came up, and was read and laid on the table.

Resolve for the repair of the Machias and Aroostook Road came up on its passage to be engrossed in concurrence. After some remarks by Mr Berry of Thomaston, in explanation, the resolve passed to be engrossed.

Mr Davis offered an order for obtaining information as to amount of insurance on property in the several towns. The motion was lost.

Adjourned.

CONGRESS.

WASHINGTON, Feb. 22.

In the Senate, Merrick reported a bill on the Post-office which, with the amendment, was ordered to be printed.

Mr Atkinson's resolutions for the joint occupation of the Oregon was discussed by him in a somewhat bellicose speech.

Mr Choate followed in an address of singular power and eloquence.
The Senate adjourned.
In the House, Mr Dole of Ala. addressed the House upon the 21st rule question.
Mr Henley, of Ia, presented a joint resolution that the two Houses of Congress should adjourn upon the day of May next.
Objections were made to its consideration.
The vote was taken, and stood yeas 108, nays 54, just two-thirds--the Speaker voted in the negative, and thus destroyed the balance, and the motion was lost.
Mr McKay moved that the House go into Committee of the Whole and take up the pension bill.
The committee then rose, and the House, without finally acting upon the bill, adj.

WASHINGTON, Friday, Feb. 23.

In Senate, Mr Francis presented resolutions of the Rhode Island Legislature on the subject of French spoliation prior to 1800.

Mr Tappan's resolution concerning the court-martial proceedings in the case of Commander Mackenzie was, on his own motion, laid on the table.

Mr Hannegan, of Indiana, addressed the Senate in a very warlike speech in favor of abrogating the 3d article of the Convention with Great Britain of 1818, for the joint occupancy of the Oregon territory.

Mr Dayton took a more pacific view of this question. He raised one very important inquiry, viz: What was to be done with the title and presence of some hundreds of thousands of Indians now in possession of this much coveted wilderness. Mr D. spoke up to the hour of adjournment.

The Senate adjourned.
In House. The House was now getting involved in points of order, and to restore quiet, Mr Henley, the original mover of the chief resolution, with the consent of the House, withdrew it, and gave notice that he should offer it again on Tuesday next.

The 21st Rule was discussed by Mr Rogers, of N. Y.
Mr Vance called for the regular business, which was the consideration of private bills, and the committee spent the remainder of the sitting thereon, Mr J. R. Ingersoll in the Chair, laying aside a large number to be favorably reported to the House.

CONFERENCE IN BANGOR.

There will be a Conference of UNIVERSALISTS held at the CITY HALL, in Bangor, on the first WEDNESDAY and THURSDAY of March next. Oct. 21st 1843.

DR. TAYLOR'S BALSAM OF LIVERWORT.
PRICE REDUCED.
DR. TAYLOR'S Balsam of Liverwort, from 375 Bowery, New York—for the cure of Coughs, Colds, Catarrhs, Asthma, Soreness of the Chest, Pain in the side and Breast, raising of Blood, Liver complaint, Bronchitis, and all those affections of Throat and Lungs which are a source of so much suffering and unrest, so often terminate in Consumption—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle in its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medicinal properties, and witnessing its effects even in extreme and in some instances apparently almost hopeless cases, often prescribe it in their practice, both as a palliative and a remedy, and with the Medical Faculty generally it has met with great approbation.

CONSUMPTION.—The following remarks were taken from the last number of the Medical Magazine: "The surprising effect produced by the genuine Dr. Taylor's Balsam of Liverwort, made at 375 Bowery, in consumptive cases, cannot fail exciting a deep and thrilling interest throughout the world. We have so long considered this disease (consumption) incurable, that it is difficult to credit our senses when we see persons, evidently consumptive, restored to health. Yet it is a fact of daily occurrence."

Certificates from the highest and most respectable sources, or persons who have been either greatly relieved by it, or entirely recovered from affections of the Lungs and Liver, could be furnished in abundance, but we insert only the following CERTIFICATE:
Liver Complaint and General Debility. I was given up by two physicians, and told to prepare for death. I was so weak I could not raise my hand to my head. I was in this low state, when a friend sent me a bottle of Dr. Taylor's Balsam of Liverwort, from 375 Bowery, and before I had used up the bottle, I was able to sit up in bed. By the further use I have completely regained my health.
GEO. WELLS, 23 John-st.

For a common cold and cough, this is one of the very best remedies ever discovered.
N. B. There is a spurious and counterfeit article afloat; therefore be careful to get the genuine, which is from 375 Bowery, N. Y., and is for sale by G. W. LADD, Agent, Bangor.
an. 5. Gmd&w

LORRAINE'S PILLS.
OR VEGETABLE UNIVERSAL MEDICINE CURATIVE OF THE
French College of Health, in Paris.
The following letter was received yesterday by mail from Salem. It gives another evidence of the great success of Lorraine's Vegetable Universal Pills.
SIR—I have been for many years a sufferer from the ravages of Scrofula and Cancerous Humors, which at last seated on the vitals, and exhibited all the threatening symptoms of consumption. The general inability of all remedies awakened my enquiries as to the thousand different methods of cure, to most of which I had recourse without receiving benefit. I accidentally noticed a remarkable cure by Lorraine's Pills, and was induced to give them a trial. I sent to Boston and got a box. By the use of them I found immediate relief and was soon restored to a perfect state of health.
J. E. NEWHALL.
Salem, 21st May, 1841.

The following letter from J. B. Light, Esq. is worthy of notice.
SIR—I took one of Lorraine's Vegetable Pills last evening for a pain in my head, that had effected me for several days, occasioned by taking cold. I soon felt very calm, and quiet, and a state of general repose came on which had great charms, and I enjoyed one of the most comfortable and refreshing nights rest that I ever did in my life. I rose in the morning in my usual state of health, and believe it is my duty to recommend this medicine.
Yours truly,
J. B. LIGHT.
Nor. 20th, 1841.

[From Boston Daily Mail.]
Somebody wisely says, that a cap loaded with jewels and flowers will not cure the headache, nor gold chains prevent the consumption. Lorraine's Vegetable Pills have done both.
SIR—I have been effectually cured of a severe headache by the use of Lorraine's Pills.
SARAH NOYES.

SIR—My daughter had all the threatening symptoms of a Consumption, such as cough, pain in the side, &c., together with general debility, but has had her health restored by Lorraine's Pills.
Rev. J. KNIGHT.
New York City, Nov. 1, 1841.

Family Medicine.
SIR—I have used Lorraine's Pills in my family as family medicine, and I would most earnestly recommend them to all persons, as the best medicine that can be procured. I would not be without them—they operate mildly, and never fail to give immediate relief. Until I used these Pills I was obliged to pay from 25 to \$100 per year for medicines and physicians, since then I have had no other doctor than Dr. Lorraine's Pills.
JAMES NEAL.
Hartford, Conn. July 6.

Lame Back.
Sarah Snow was cured of a lame back in one day, when she had been unable to dress herself alone for two weeks.
Susan Jones of Boston, cured in 25 hours of large back and side of three weeks standing.

Sick Headache.
Mrs. Bird of Providence says, that Lorraine's Pills have proved a real blessing to her. It has surpassed any thing that has been brought to the public notice. I have been cured of a sick headache that had afflicted me for years, by the use of Lorraine's Pills.

THE CONDITION.
The condition upon which nature gives health to man, is a watchful care to keep his stomach and bowels free from morbid and unhealthy accumulations. Lorraine's Pills admirably effect this, because they cleanse the bowels and purify the blood. The human body is always healthy when the bowels are regular, the blood circulates freely, and disease invariably commences when obstructions take place in the bowels.
The extraordinary virtues of Lorraine's Pills depends upon extracts of over 50 different vegetables, all so admirably combined as to purify, nourish and invigorate the human system.
For sale by G. W. LADD, Bangor.
A. B. RIDGWAY, Agent for the New England States, at 27 Cambridge Street, Boston.
Dec. 7, 1842. cow&w

NEW PRINCIPLES OF PURGATION CORNARO'S Purifying and Preserving PILLS.

THE American public has for a long time been the victim of a false and dangerous system of medicine founded on the practice of LONG CONTINUED AND UNRELIEVED PURGATION. The evils of this old system are of the most widespread and alarming character. They have reached through every vein and artery of our nation—in every city, and village, and hamlet—in every State and Territory of our vast Republic, will be found those who have suffered, or who are still suffering from the injurious effects of this old system, of whose practical utility the disease, decay, and utter prostration of those who test it furnish the most commanding proofs!

COMMON DRASTIC PURGATION
Scours out the system by the most improper and violent means, and then leave it, weak, low, feeble, debilitated, to regain its strength as best it may.— Sometimes the consequences of this old Purgative practice are worse than death. Inflammation of the Bowels, Slow Fever, Bloody Piles, and other horrible disorders are produced, simply from the want of some enlivening and preserving power in the medicine employed. Sometimes the digestive organs are deeply and permanently injured by this coarse and unphilosophical practice, leaving the patient AN INVALID FOR LIFE.

The alarming evils and absurdities of the old system of Purgation, have led to the introduction of a new Life-giving Medicine, called CORNARO'S PURIFYING AND PRESERVING PILLS, which are established on this new and only true principle of Purgation, viz:

NO PURGATION WITHOUT IMMEDIATE RESTORATION.

The use of this admirable Purgative remedy strikes a death blow to that abominable system, which by continually evacuating the bowels without any conservative or saving power, so dreadfully and fearfully prostrates and injures the unhappy patient.—These Purifying and Preserving Pills are believed to constitute the perfection of medicine, being a UNIVERSAL VEGETABLE PURGATIVE, containing two great remedies combined, viz: One remedy to PURIFY FROM CORRUPTION, and another to PRESERVE FROM INJURY AND DECAY.

And for the purpose of attaining the highest degree of purity in the preparation of these Pills, Dr. Bradlee has, at a vast expenditure of time and money, invented and patented at Washington, a chemical and philosophical apparatus for distilling and refining vegetable extracts, called

THE SEVEN-FOLD FURNACE.

A powerful and novel machine—having Seven Fires and Seven Alembics, with distilling, condensing, and evaporating fixtures of a new and ingenious contrivance, capable of obtaining more than seven times the ordinary purity of any vegetable extract heretofore used in compounding medicine. The Balsamic and Preserving power of these Pills is also, by this invention, highly purified and refined, and so mingled with the operative medicine, that it repairs all the injuries created by Purgation, as soon as they are caused, and strongly fortifies the system against future corruption and decay.

Let the public be no longer deceived by the advertisements of the "one remedy" doctors, who show their entire ignorance of the organic laws of the human system by supposing that a medicine which purges merely, without renovating or preserving, can be a perfect remedy. For it is a fixed and immutable law of our being that there should be, in no case, Purgation without immediate Restoration; and hence it follows, and is proved to demonstration, that all Purgatives which DO NOT possess a saving and preserving power, are injurious and injurious only—and possess NOT ONE REDEEMING QUALITY.

The whole theory of common drastic Purgation is based upon unnatural and absurd laws, and they who follow it fall victims to their own folly, and too late repent their temerity.

BEWARE OF UNRELIEVED PURGATION!

Purge and Preserve, or do not attempt to Purge at all.
THE celebrated PURIFYING AND PRESERVING PILLS purify the body from corruption and preserve it from injury and decay by a single operation. They are a Universal Vegetable Purgative, of sovereign use in all diseases of the human system in which purgation is required, particularly in Jaundice, Indigestion, Dyspepsia, Eruptions of the Skin, Scrofula, Piles, Costiveness, Bilious Disorders, Liver Complaint, Fevers, Nervous Disorders, Inward Weakness, Cholera, Dysentery, Worms, Gout, Rheumatism, Female Complaints, Depression of Spirits, Debility of System, Fits, &c., &c.

Price 25 cents per Box, with full directions. Essay on Health and Long Life, &c.

Sold wholesale and retail, by the sole proprietor, D. F. BRADLEE, 79 Court Street, corner of Brattle Street, Boston.

SANDS' SARSAPARILLA.

FOR THE REMOVAL AND PERMANENT CURE OF ALL DISEASES ARISING FROM AN IMPURE STATE OF THE BLOOD, OR HABIT OF THE SYSTEM, NAMELY:

Scrofula, or King's Evil, rheumatism, obstinate cutaneous eruptions, pimples, or pustules on the face, blotches, biles, chronic sore eyes, ring worm or tetter, scald head, enlargement and pain of the bones and joints, stubborn ulcers, syphilitic symptoms, sciatica, or lumbago, and diseases arising from an injudicious use of the mercury, ascites, or dropsy, exposure or imprudence in life. Also, chronic constitutional disorders will be removed by this preparation.

The proprietors submit to the public the following certificate, from a highly respectable source, of a cure made by using their preparation of Sarsaparilla, which cannot but have the effect of placing beyond all doubt the curative powers of the medicine:

New York, August 3, 1842.

"Messrs. Sands—Gentlemen: Under a feeling sense of gratitude inherent to us all when suddenly relieved from suffering and disease, I now, as an act of justice due to you, and with a view of relieving the afflicted, make known to the world the inestimable benefit I have received from the use of your Sarsaparilla. In the year 1832 I sailed from England in a vessel bound for Quebec, and while on the passage first discovered the disease which after proved to be a sore affliction; and truly I can say, 'from the crown of my head to the sole of my foot there was no soundness in me.' From the time first mentioned down until the present, a period of more than ten years, I have suffered all that human nature was capable of bearing. I have been under the care of the most distinguished physicians both in this country and in England, visited Bath, Cheltenham, Bristol and Gloucester, tried various specifics, among others a large quantity of Swaim's Panacea, used sulphur baths, &c. As a last resort I was induced to wrap myself in a tar ointment, keep myself secluded, shunned by all, myself also shunning. I was induced to believe my case a hopeless one.

In August last, by the advice of friends, I went to the New York City Hospital, but was there told that my case was incurable. The disease now enveloped my whole body, rendering me almost helpless; the skin thickened and cracked, and blood and matter ran, and life itself became almost a burden. A few weeks since I was induced to use your Sarsaparilla by hearing it so highly recommended, having spent nearly \$3,000 without obtaining but little relief. After using it a short time, I found myself better, and now, by using six or eight bottles, costing me less than ten dollars, I am well. Yes, I certify and declare to the world, that after spending near \$3,000 in traveling and doctoring, and suffering more than can be told, I was perfectly cured by using your invaluable preparation of Sarsaparilla; and I now recommend it to all similarly afflicted. Those wishing to know further particulars will find me at my residence, No. 27 Warren street, New York, where I shall be happy to communicate any thing in relation to the above cure.

PAUL BURDOCK."

Prepared and sold by A. B. SANDS & Co. Druggists and Chemists, Granite Buildings, 273 Broadway, corner of Chambers street, New York. And for sale by Druggists throughout the United States. Price \$1 per bottle, six bottles for \$5.

The public are respectfully requested to remember that it is Sands' Sarsaparilla that has and is constantly achieving such remarkable cures of the most difficult class of diseases to which the human frame is subject, and ask for Sands' Sarsaparilla, and take no other.

G. W. LADD, Agent for this vicinity, and dealers will be supplied very low by the dozen.

June 20—Stawd weolv

REMOVAL.

J. W. LAWREY, has removed his Oyster and Refreshment Establishment to the New Store adjoining W. T. Pearson's, opposite Mercantile Square.

Grateful for past favors, he would inform his old customers and the public in general, that he has made extensive arrangements in New York and Boston, for a constant supply of first rate, fresh Oysters; which he would be happy to furnish Wholesale and Retail, at prices to suit the times. His Table will be constantly supplied (as usual) with a good variety of Refreshments.

Dr. D. Jayne's FAMILY MEDICINES.

JAYNE'S EXPECTORANT.

THIS invaluable medicine is daily effecting some of the most astonishing and wonderful cures that have ever been known. All who have used it for Asthma, Coughs, Spitting of Blood, Whooping Cough, Croup or Hives, Consumption, Chronic Pharyngitis, Hoarseness, Pain and Soreness of the Throat, Difficulty of Breathing, and every other disease of the LUNGS and BREAST, can testify to its usefulness. BRONCHITIS, a disease which is annually sweeping thousands upon thousands to a premature grave, under the mistaken name of CONSUMPTION, is always cured by it. The usual symptoms of this disease, Bronchitis, are Cough, Soreness of the Lungs or Throat, Hoarseness, Difficulty of Breathing, Asthma, Hectic Fever, a Spitting up of Phlegm or Matter, and sometimes Blood. It is an inflammation of the fine skin which lines the inside of the whole of the wind tubes or air vessels, which run through every part of the Lungs. The Expectorant immediately suppresses the Cough, Pain, Inflammation, Fever and Difficulty of Breathing, and produces a free and easy expectoration, and a cure is soon effected.

It always cures ASTHMA. Two or three large doses will cure the CROUP, or HIVES of children, in from 15 minutes to an hour's time. It immediately subdues the violence of WHOOPING COUGH, and effects a speedy cure. Hundreds who have been given up by their physicians as incurable with CONSUMPTION, have been restored to perfect health by it.

If this Expectorant be given in the commencement of PLEURISY, INFLAMMATION OF THE LUNGS, or in acute RHEUMATISM, in doses sufficiently large, so as to cause a little nausea for some time, going to bed and covering up warm, it will produce perspiration, and subdue these affections at once.

PRICE \$1.00.

Tonic Vermifuge.

WORMS IN CHILDREN. Of all diseases to which children are exposed, none are so fatal to them as WORMS. Unfortunately, children are seldom free from them, and as they imitate the symptoms of almost every other complaint, they often produce alarming effects without being suspected. They are not only a cause of disease themselves, but by their irritation aggravate all other diseases, wandering from one part of the body to another, winding themselves up into large balls, emulating the bowels, and frequently the throat, causing convulsions, and too often death. THE DEARIED REMEDY, which will find in Dr. JAYNE'S TONIC VERMIFUGE, will by its very digestion so as to prevent a return of them. PRICE 50 cents.

JAYNE'S CARMINATIVE BALSAM.

This is one of the most efficient, pleasant and safe compositions ever offered to the public, for the cure of the various derangements of the Stomach and Bowels, and the only article worthy of the least confidence for curing CHOLERA INFANTUM or SUMMER COMPLAINT; and in the above and following diseases, it really acts like a charm, viz:

Dysentery, Diarrhoea or Looseness, Cholera Morbus, Summer Complaint, Choleric Griping Pain, Sour Stomach, Sick and Nervous Headache, Heartburn, Water-brash, Pain or Sickness of the Stomach, Vomiting, Spitting up of food after eating, and also where it passes through the body unchanged; Want of Appetite, Flatulencies and Inability to Sleep, Wind in the Stomach and Bowels, Hysterics, Cramps, Nervous Tremors and Twitchings, Sea Sickness, Faintings, Melancholy and Lowness of Spirit, Irritability and Craving of Infants, and for all Bad Affections and Nervous Diseases. PRICE 50 cents.

Hair Tonic.

NO EXCUSE FOR A BALD HEAD. Since the important discovery of Dr. JAYNE'S HAIR TONIC, every one may, if they choose, preserve their hair from falling off, or already bald may, with certainty, have their hair restored by a faithful and persevering application of this valuable HAIR TONIC.

Please to read without prejudice the following communication, which, in addition to hundreds of others equally respectable, should remove the doubts of every reasonable person of the uniform and singular efficacy of JAYNE'S HAIR TONIC.

HAMILTON, Feb. 15, 1840.

Dr. D. Jayne—Dear Sir: I cannot say my hair is restored, but I can say that it appears to be in as rapid a process of restoration as could reasonably be expected. I had not finished the first bottle, before a decided change was manifested over the bald part of the head, to which it was applied. A new growth of fine glossy hair, much like that of an infant, appeared, and has continued to increase, and I have had it cut two or three times. I have recently commenced upon the third bottle, but have been a good deal irregular in the use of the Tonic from the first, and from this cause I apprehend the effect is at present less than it otherwise would have been.

I began the use of the Tonic with little or no faith that it would ever be successful on my head, though I felt entire confidence in your statements of what it had done for others; and I was as much surprised as delighted when I saw the effect. You recollect the appearance of my head when in your office. I assure you the hair has been nearly, if not quite, an inch longer at the time I have had it cut, on those parts which were nearly destitute of any white hair. It was, however, every ray of fine, though quite short. I am flushed with sanguine hopes of final success, in the diligent use of your Tonic, which, amidst all the hair buntings which have been advertised in the papers, I am constrained to believe is what it claims to be, and that it will make the hair grow, and no mistake, at least on some heads.

GEO. W. EATON.

Prof in Hamilton Lit. and Theological Seminary, Madison County, New York.

PRICE \$1.00.

Jayne's Sanative Pills.

These Pills are an excellent, mild and safe purge at all times, and are exceedingly useful in Dyspepsia and obstructions of the Liver. Persons taking them can eat and drink as usual, without fear of injury; and, what is of infinite advantage, making the use of mercurial preparations, so frequently used in derangements of the stomach and liver, unnecessary.

These Pills may be taken at all times, and are beneficial in nearly all diseases. They have long been a favorite prescription of the proprietor for all obstructions of the Liver, Spleen, Kidneys, Uterus, and all other organs of the body—Inflammatory, Intermittent, Remittent, Bilious, and every other form of Fever, Jaundice and Liver Complaint. For Dyspepsia they are really an invaluable article, gradually changing the vitiated secretions of the stomach, and producing healthy action in that important organ. They are very valuable in diseases of the Skin, and for what is commonly called "impurity of the blood"; also for Female Complaints, Costiveness, &c., &c.,—and in fact every disease where an Aperient, Alternative or Purgative medicine is required.

Four fifths of the numerous and distressing cases of DYSPEPSIA POSITIVELY CAN BE CURED by a persevering use of this valuable SANATIVE.

They are expressly prepared to be used as an Aperient, when purging is necessary, while using his Expectorant, and for the removal of obstructions in the Liver, which are often attendant on some of the diseases of the Breast.

Prepared only by Dr. D. Jayne, Philadelphia.

And for sale, Wholesale and Retail, by SMITH & FENNO, Bangor, 14 West Market Square, Bangor, Aug. 23 cow&wlv

LOOKING GLASS & PICTURE FRAME MANUFACTORY.

FAIRBANKS & HOLLAND,

PEARSON'S MILLS, BANGOR.

THE public are informed that we have established a manufactory for making LOOKING GLASS, PORTRAIT AND PICTURE FRAMES of all sizes and varieties. We have set up suitable machinery in all the branches of the business by which much labor is saved and the price of these rich and beautiful articles is greatly reduced, so that a fine article may now take the place of coarse and ill looking ones, and at as low a price.

Large and elegant O. G. and oval frames, and small bevel frames with rich mahogany veneer are manufactured in such quantities that we are prepared to answer, at short notice, all orders at WHOLESALE.

by the hundred or thousand, at prices that cannot but be satisfactory to dealers.
If new frames fitted to Portraits, Looking Glasses or Pictures, or new glasses furnished and fitted to old frames.

Dealers supplied with frames either with or without glasses.
N. B. Orders respectfully solicited for single frames or by the dozen and as this is a new branch of Home Manufacture to any extent, we trust the public will be ready to encourage and support the enterprise.

For the convenience of our city friends, orders for frames of any kind may be left at the Hardware store of Dr. D. Jayne, on East Market Place, Bangor, July 26, 1843—d&wlv

THE ECONOMY OF FARMING, by Dr. J. D. BURGER. For sale by

WRIGHT'S Indian Vegetable Pills.

The True Character of Counterfeiters and Sellers of Counterfeit Medicines.

NO Medicine has been introduced to the American Public, whose virtues have been more cheerfully and universally acknowledged by its vast popularity, and extensive circulation, than **WRIGHT'S INDIAN VEGETABLE PILLS.**

To descend upon their various virtues at this late season would be a work of supererogation, since few who peruse this article will be found unacquainted with the widely circulated proofs of the real excellence of the Medicine, to which many will be ready to add the testimonials of their own experience. But if further proof were needed of the value of the remedy it might be found in the fact that no Medicine in the market has been so shamelessly and repeatedly counterfeited. Igoon, envious, avaricious, and unprincipled men, have in different places, manufactured a spurious pill, bearing a superficial resemblance to the true ingredients, which they have sought to foist upon the public as the veritable

Indian Vegetable Pills.

These fraudulent Swindlers could never pass off their vile wares upon the public but for the convenience and assistance of self-styled respectable Druggists, who, for the sake of a little "filthy lucre," lend themselves to the monstrous and unhallowed system of imposition. The counterfeiter of a popular medicine is more criminal than a counterfeiter of current money. The injuries done by the latter sink to nothing in comparison with those inflicted upon society by the former. We might paint him wringing the mite from the hard hand of invalid penury which is extended for the boon of health, and receives instead the vile drug that protracts and aggravates disease, or to view it in its best aspect, suffers it to rage unchecked. How have been hurried to the grave by having a counterfeit substituted for the true Medicine: who but for the venal fraud might now be living in high health, the delight and hope of the social circle. All classes are interested in putting down these vile Counterfeiters.

Let the Stores where they are sold be marked and Shunned.

Let the virtuous indignation of the community administer to all concerned in these unfair practices a general and withering rebuke.
